St. George Dec 13th 1856
Capt J. C. Dargson
My dear Friend

I am glad to hear
might before long, but just as an entire family who connect
the troops life and he with them to Canada.
There will soon be some big books on hand; the fact is in
smaller spirit and grows more conversational, perhaps
he begins to regard me differently — in truth we grow
confidential.

That sample is here — as far as I am concerned I
have nothing to detain him for there are some
pieces — they think they have placed themselves in a splendid
position, but they are in a good place to be all taken.
I really would give a good deal of money, it is worth seeing to
have to show.

Yours truly

Capt. May's camp

Dear Sir

I shall not beg your pardon
by no means for troubling you with letters of any
kind, I know you have plenty of leisure to read
letters whether you answer them or no.

But they must be answered in person, I have
promised Calo Garcia you will see him
with pleasure. He is one of the ablest soldiers
Democrats and has been fighting for him
he has come into the country and I don't know
how much longer. He says his object in
visiting you is to propose something advantageous

to you. I shall be your own judge.
He wishes the interview to take place on
board the U.S. Steamer. I have written also
to Capt. Davis as he requested and if the
proposition is agreeable to him then
undoubtedly you will meet. In Calo Garcia
you will see the so called four fingered
Jack, he has lost one of his thumbs.

I hope and pray nothing unpleasant
will result from the interview.

Yours very respectfully
H. P. Barclay
